

REVERIE

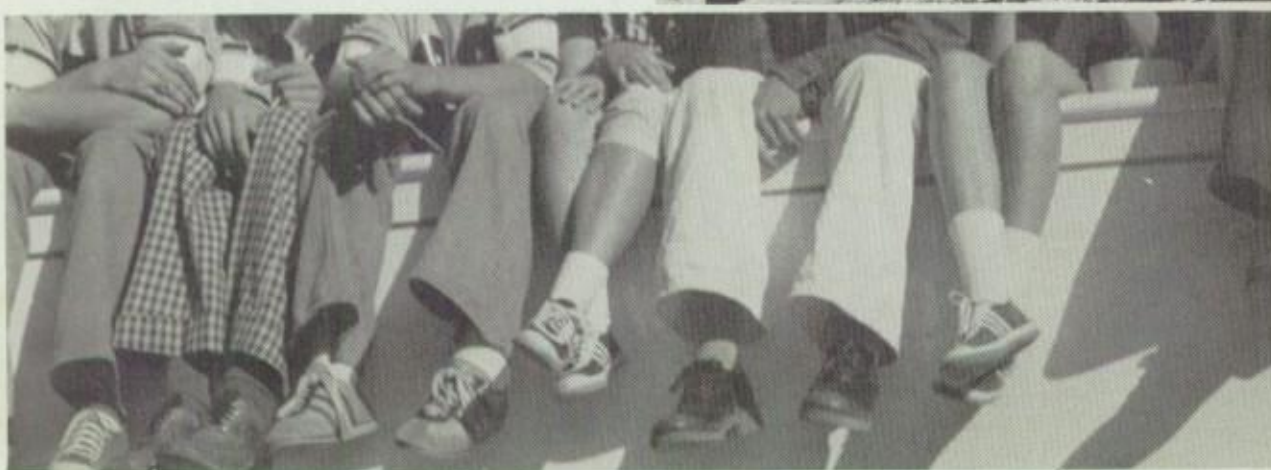

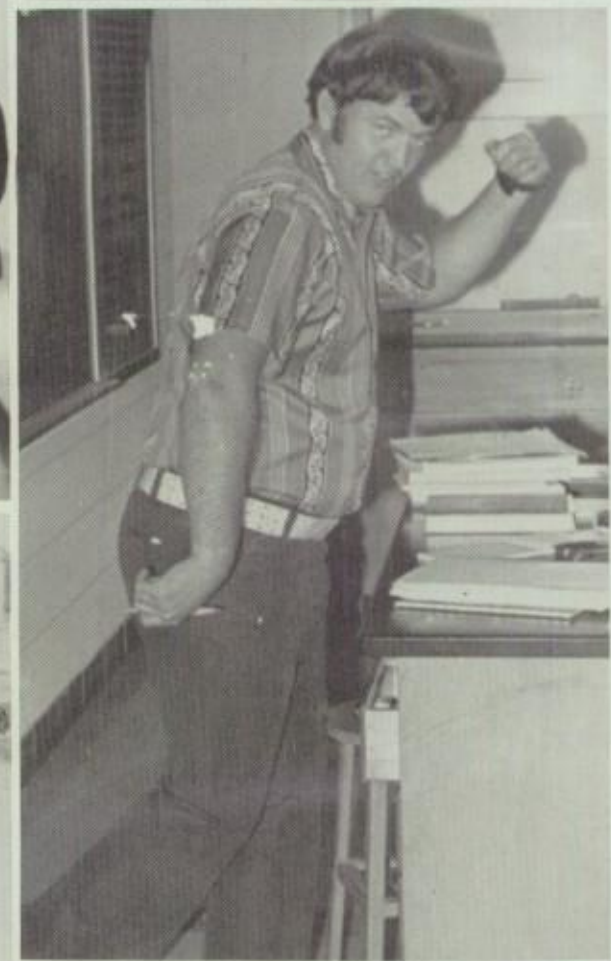

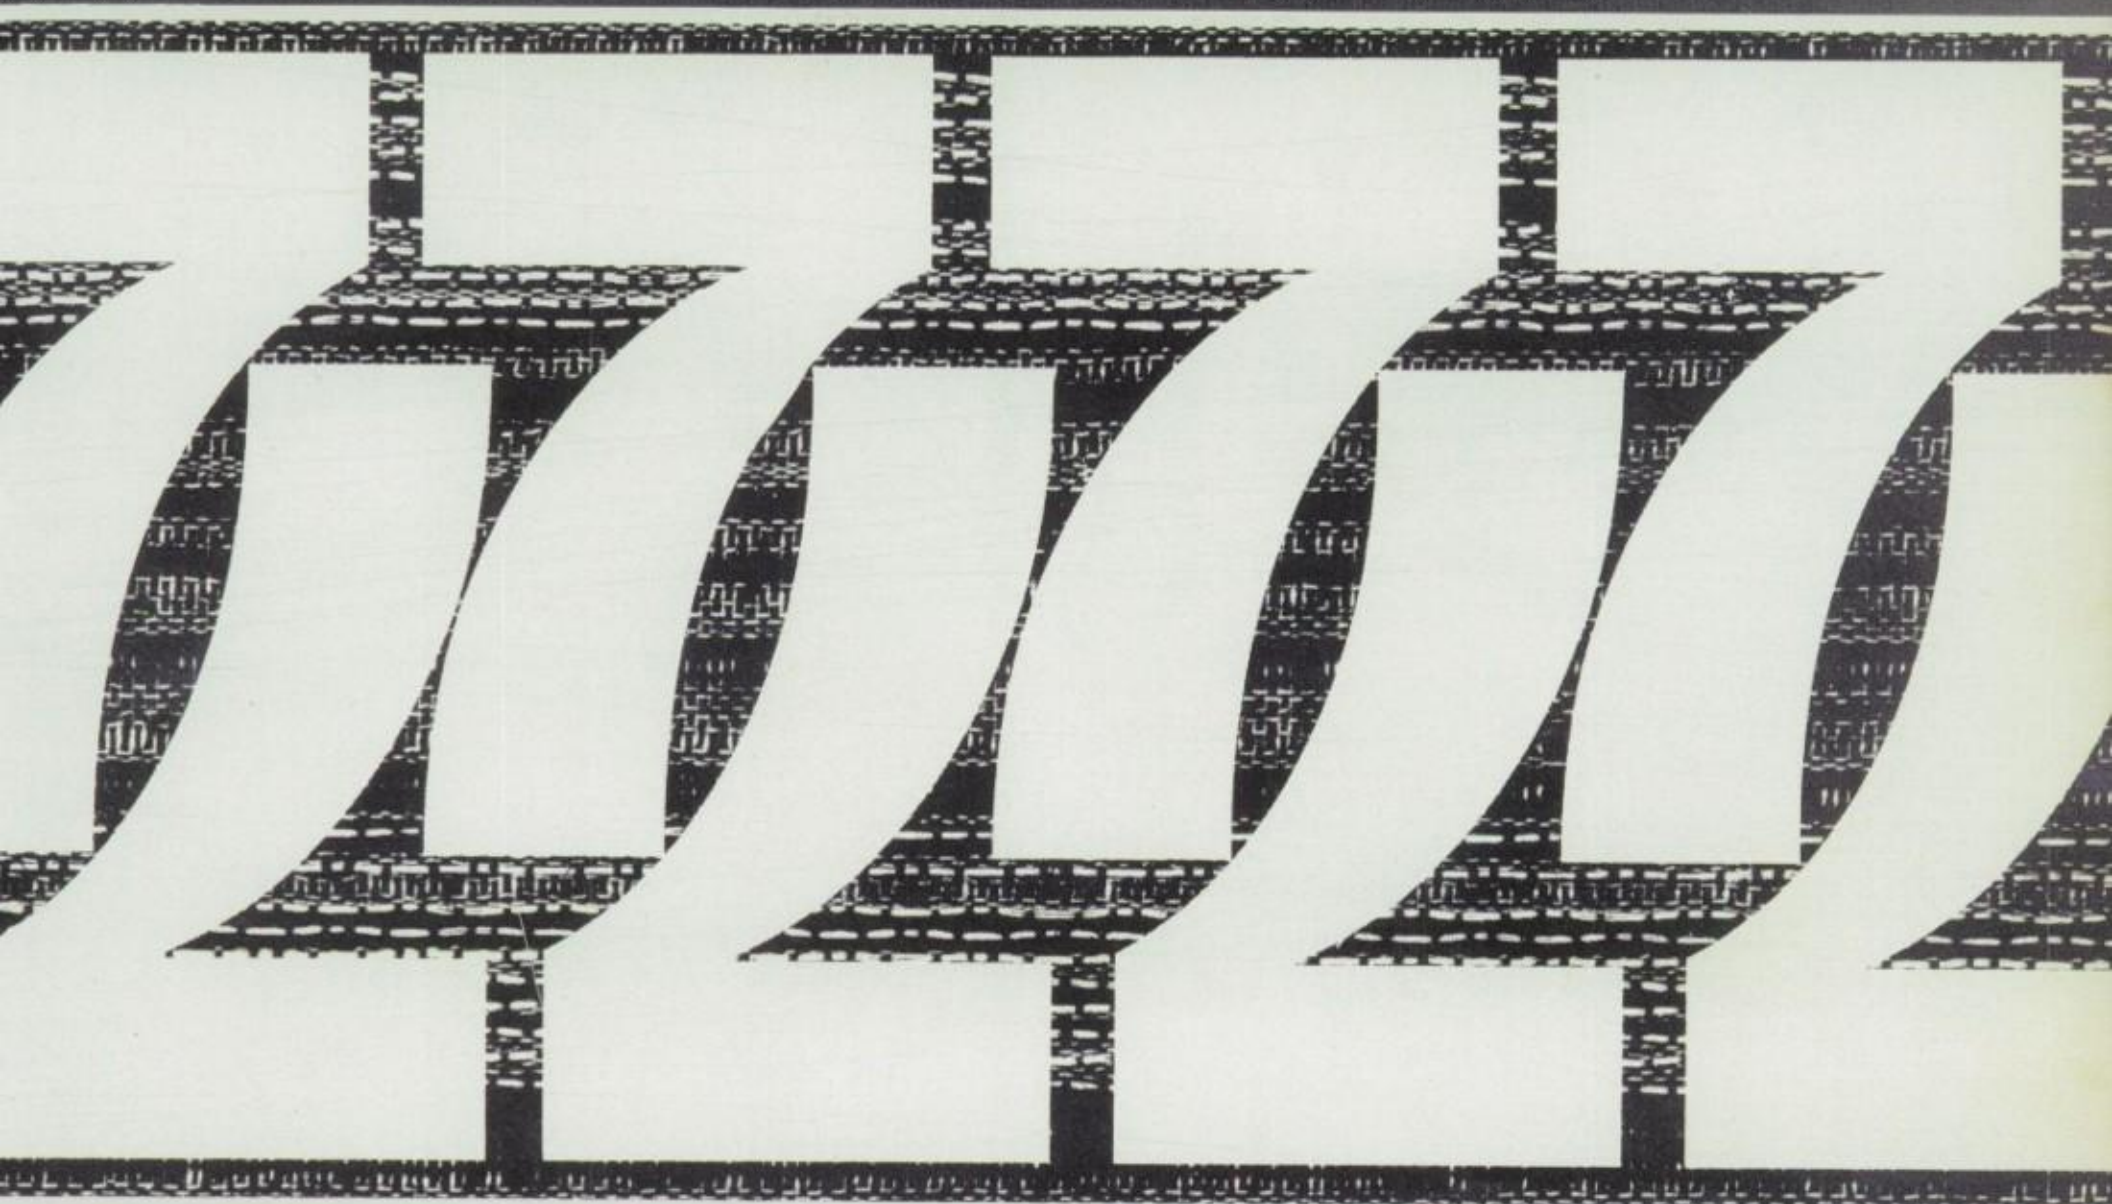

Like the twilight on the road
up ahead, no one seems to know
just where they're going, but all
the peace and love that awaits
us there will take us on through
the years - always changing, never
dying.

The Graduating class of 1977 from Bethany High School met today for their twentieth reunion. The class reunion for this year was held at the home of the Los Angeles Lakers.

Before the reunion was to begin, we were entertained by a Slam-Dunk contest. The two contestants were no other than Chuck (The Stretch) Stiles, who won the event last year, and his opponent will be Dr. J. The only thing is that Chuck hasn't shown yet; rumor has it that he missed the bus, a trait brought down from High School.

After the Slam-Dunk contest the Harlem Globetrotters will have their new feature presentation "Goose Grove. The first female Globetrotter. She has been known to make shots as far out as four feet from the basket. (Amazing!)

Mr. and Mrs. Ed Webb walked in the reunion leaving the "little" army at home. Married only seven years, with seven kids: looks like some things never change.

Staggering in the door, who else but "Wino", (alias Stan Jenkins). After passing out from the seventh bottle, nurse Cindy Dorris came to the rescue, giving mouth to mouth resuscitation. Now we have two people passed out; Stan from the wine and Cindy from the fumes.

All of a sudden we hear sirens. Coming up in a black limousine, who else but General Randy Walden (said to be the greatest leader since Adolph Hitler) and behind him is Private Doug Brown in charge of driving the General around for the evening.

But because of Pvt. Brown's poor job of driving they had to call in the best mechanic of all times, Brian Wakeland. Brian had to come to the rescue as Pvt. Brown's driving caused the car to fall apart.

Unable to make it tonight was Jim (Tank) Davis and Ron (Hoochy) Morris. Jim is at the 1980 Olympics trying for a new heavyweight record in weightlifting. We were told that after he passed out from the strain, another man won just by being able to carry Jim off stage.

Meanwhile, Ron, otherwise known as Mr. Physique, went to the Mr. Universe contest this evening. But don't think it was an easy contest for Ron, unfortunately Kathy Grove came along and spoiled Ron's chances of even placing.

Jim and Ron would soon meet again to form one of the world's top bands.

Catering for this evening is Gina Davis, who took over the Red Fox. Before going into the restaurant business Gina went to college and became a cheerleader. Gina so good that they gave her a prize!—the boob prize!!

Pulling up in her eight-wheeler is Cherie Tucker. She is now driving for her father. The latest news is she was parking her eight-wheeler and she met with a problem: "Tuck is stuck".

Hair designs for this evening were done by Dick Bone, (coached by who else?). Rumor has it that Dick has been working after hours with the "coaches" daughter!

Our Maestro for this evening is conductor Cheryl Robbins. First her band will play the song from the show MAYBERRY RFD. Dancing to Cheryl's great music will these two great dancers Jim Peterson and Cherie Tucker.

Luckily Jim gets off early tonight from pumping gas at his newly purchased gas station BUD II.

Among our more successful students, we have two girls that became stunt car drivers. Rita Coleman and Susan Fustin who proved their driving ability by rolling cars, jumping ditches, and a few other scrapes. Unfortunately Susan does not look the same. A near fatality scared her so bad that her fuzz was but it ain't no more.

Coming in the door, we see the new Road Commissioner, Mike Cohan. Too bad Mike doesn't spend more time on the road than in the ditches!

Sewing Commissioner Cohan's clothes is Julie Harshman who has worked close to the Commissioner for some time. Julie who worked at the Dress House during school has now taken up a career as a fashion designer.

Now for a real shock! Don Goetz has just bought the biggest electronics business in the world, and is jolting the market! The last we heard, he will soon be one of the richest to graduate from the class of "77".

The last we heard of Laurie Sharp was she met a hillbilly down in Kentucky, and had moved to the mountains. Due to her experience as a social worker she has opened a school in the mountains working with what she can find. Due to the lack of people she has been working with mountain lions, nanny goats, and her own little dozen.

Now walking in the door is D.D. Puyear (Dizzy Dale). Dale is still breeding Short Horn cattle, as he has done for twenty years. Because of the stress of his job, Dale has not married yet, but we expect he'll meet someone soon.

Doctor Mary Kay Scott has earned her degree and has opened her own "School of Medicine". Most of her students call her "Magic Fingers Mary." The people wonder if she is running a massage parlor or operating room: or maybe both?

Taking pictures for this evening is Karen West. Running along beside her is her ever faithful side-kick. Karen is now a professional photographer, but mainly a domestic engineer.

Suddenly an explosion! Out of the kitchen comes mad scientist Dave Overlot. Ever since he became a professor of chemistry he has been blowing up more laboratories than his company can build. Luckily for Dave, Nurse Dorris is there to patch him back together again.

We've all been wondering if Jo Vilmure, known as Wo to her friends, is going to make it tonight. We were told that she left to come here three hours ago. With only a half-mile to go we can only come to one conclusion: That once again she has gone the "Wrong Way."

Sitting quietly in the corner is Gayla Mitchell. Because of her quiet and shy manner, Gayla became one of our local librarians. But we all know under that quiet exterior, Gayla runs an illegal book store for adults only.

If you are looking for a mate, or you are just looking for a date, call Teresa Allsop's Flops Dating Service. Teresa took a computer programming course which led to her computer dating service.

Phyllis Apke could not join us tonight, she recently became an owner of a topless hotel. Some of the residents there needed some aid and support. So, Phyllis stayed to help keep the situation in firm control.

All of us would like to thank everyone for this great reunion of all of us great people. In closing this great event, we would just like to say:

Roses are Red
Violets are Blue
This is the end
So it'll have to do !!!

We

the members of the Senior Class of 1977 of Bethany High School, being of good health and of sound disposing mind and memory, and believing in the certainty of our soon departure from the afore said school, do hereby make and declare this instrument of writing to be our last will and testament as seniors and students of B.H.S.

I, TERESA ALLSOP, leave my four years of math to anyone who thinks they can make it.

I, PHYLLIS APKE, will my good times I've had in the past, and ability to stay out of trouble to the Sophomore girls, that already have a head start.

I, DICK BONE, will David Beaseley my brain for physics next year because he never could have made it through chemistry this year without my intelligence.

I, DOUG BROWN, will my ability to wrestle with Mr. Pine to anybody brave enough to try.

I, MIKE COHAN, leave the State Tournament to Flash!—in hopes he'll keep up the tradition.

I, RITA COLEMAN, will the functioning parts of my right leg to Kathy Sheehan who already has plenty of hurts.

I, GINA DAVIS,—Laurie I will, if you will?

I, LAURIE SHARP,—will not!!!

I, JIM DAVIS, will all my strength and knowledge of football to Roy (Rock) Swarms and Coach Miller in hope that someday they will put them to use.

I, CINDY DORRIS, will my jump balls in basketball to Lori Friesner who already seems to have a lot.

I, SUSAN FUSTIN, will my ability to drive, to all of the on-coming drivers at B.H.S.

I, DON GOETZ, will my ride on the vocational bus with the Juniors to anyone who can stand it.

I, KATHY GROVE, hereby will all my dribbling abilities to Cindy Florey who seems to have the same problems on the court as I do.

I, JULIE HARSHMAN, will the "old Impala" to the Sophomore girls so they can run their errands at noon hour.

I, STAN JENKINS, leave my expert driving to Mr. Pine who needs to learn how to.

I, GAYLA MITCHELL, will my seat on the vocational bus to Angie Jennings, my Color Guard ability to Sue Davis and Julie Carlyle providing they need it,

and to my sister and brother (Andre and Greg) all the fun I had at B.H.S.

I, RON MORRIS, will my musical ability to Bobby Robinson, who needs it desperately. I would also like to will my bearded appearance to Art Betzer, who has yet to grow peach fuzz.

I, DAVE OVERLOT, will my baseball glove to anyone who will try to bring back baseball.

I, JIM PETERSON, will my parking place to the sophomore girls because they will need plenty of room.

I, DALE PUYEAR, leave to Van Bolin, the best of luck and a package of Red Man.

I, CHERYL ROBBINS, will my good times at B.H.S. to anyone who can have as much fun as I did.

I, MARY KAY SCOTT, leave my hours as a volunteer at St. Mary's Hospital to Julie Austin who already has a good start.

I, CHUCK STILES, will my ability to miss school to Barry Robinson.

I, CHERIE TUCKER, will my Senior year of cheerleading, all the trouble and the good times to anyone who can collect as many demerits and get away with going to a concert on a game night!! Good Luck!!

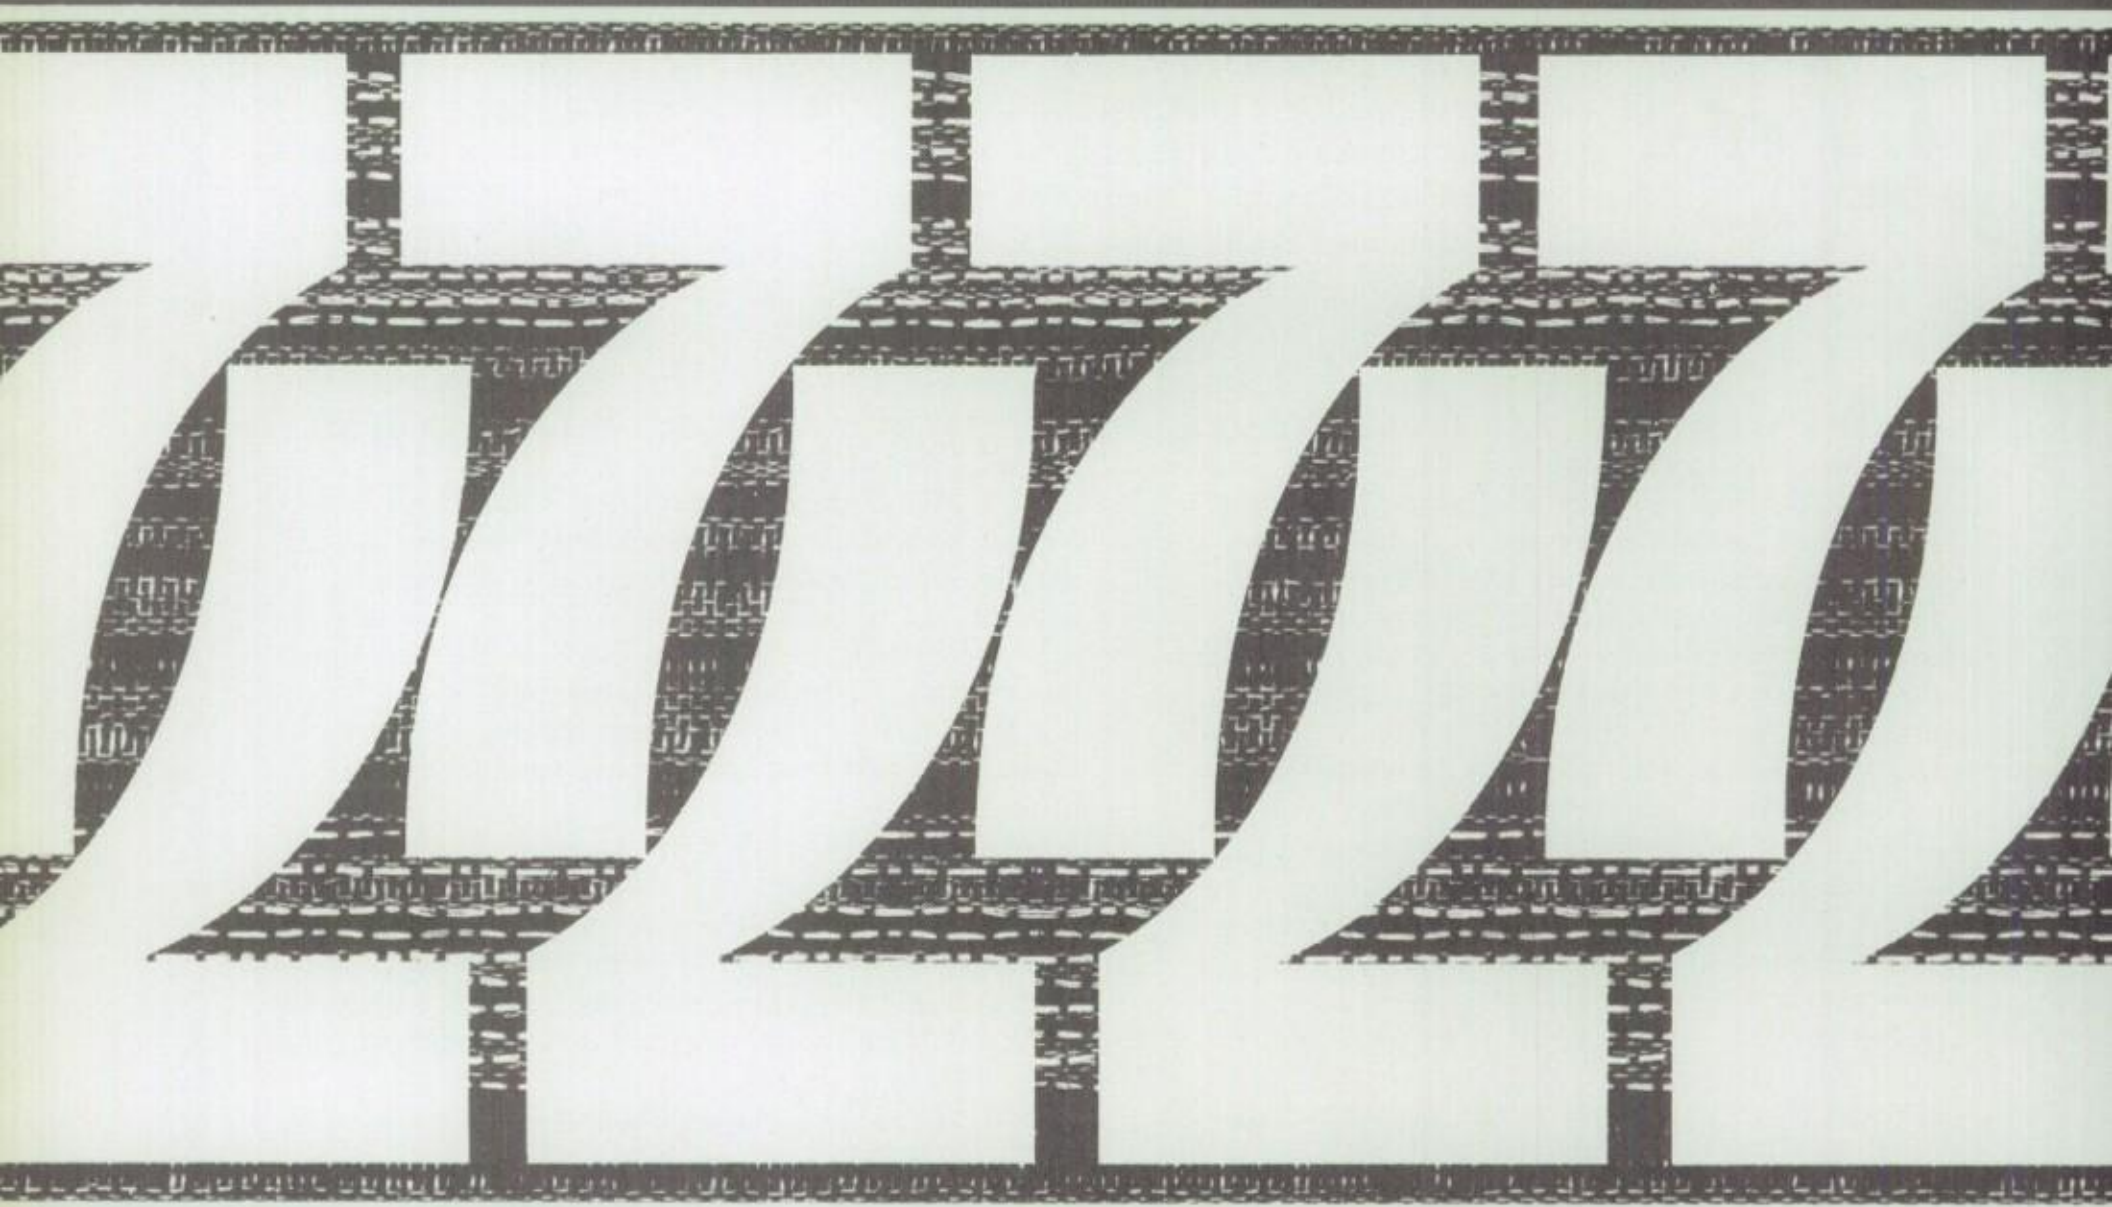

I, JO VILMURE, will Angie, Jodi, and Darla the ability to last through the rest of their years here at B.H.S. on the cheerleading squad.

I, RANDY WALDEN, leave equal portions of my nose to the lower classmen who feel inferior.

I, BRIAN WAKELAND, will my seat on the vocational bus to any sophomore that can take it.

I, ED WEBB, leave the sophomore boys the ability to keep their mouths shut since they don't seem to know how.

I, KAREN WEST, will my position of year book editor to Leesa Freeland, in hopes she can keep up with the pace and put up with the photographers. God Help Her !!!!!!!!!!!!!!!

What can you say about a girl that has such composure that she can put up with a writing staff, photographers, artists and two advisors? And about how she kept her sanity through the whole mess?

You could say: That she deserves as much, if not more recognition than a star quarterback, that she's crazy for putting up with all the hassle; that the Reverie Staff couldn't have gotten a better editor, that she was intelligent enough to take this job and determined enough to see it through. You could say that she is an all around great person, or you could say

He was also critical of the fact that presiding Judge Richard Mills had conducted the examination of prospective jurors alone, without allowing opposing attorneys to verbally ask questions.

As a result, Fuller argued,

As for the examination of the jury, McKoski argued Judge Mills fully and completely covered every thing relevant to determine if the jury was fair and impartial. And he noted the judge allowed the attorneys to submit written questions to

County Board Denies Special Use Permit E

A petition for a special use permit to develop a tract at the northeast corner of the intersection of M and Taylor Avenue was denied Tuesday by the Mac County Board.

The petitioner, Bruce Berry, was seeking permission to develop seven single homes and four apartment buildings.

The board's denial was a reaction to neighborhood property owners who at Tuesday's board meeting took opposition to Berry's request.

A petition bearing signatures of persons opposing the permit was presented to the board by Frances F. Berry, who lives on N. Taylor Street, across from Berry's property.

Major concerns expressed by the objectors included increased traffic, increased use that could affect local wells and septic charges that might affect the local water supply.

Berry's attorney, Morthland Jr., said the county's system of septic tanks is designed for 33 per cent capacity that was exceeded by the development.

Also, a well on the property is more than adequate to take care of the development's needs and water saving

Just to Let You Know What Went Wrong:

Colored Senior liner lost by studio. Changed yearbook advisors. Went to advertising places twice. Due to snow yearbook postponed. Had to sell yearbooks twice. Lost flash charger. \$40.00 advertisement check lost. Missed 1st deadline. Took band picture for 3rd time, due to forgetful band students. \$40.00 advertisement check found. Mr. Brooks left with ink pad. Lost 1/2 of the faculty - - - (pictures). Had to do 36 pages in one day. Karen West gives up on us March 10. Missed 2nd deadline. Yearbook meetings forgot to be announced. Staff had conflict of interests when yearbook met after school. Bugs invaded yearbook room. Karen thought Miss Smith was to mail order for the yearbooks and vice versa, so yearbooks were not ordered on time. Did Lettermens Club pages over 5 times! Missed 3rd deadline. Lost mailing folders. Yearbook 1/2 done at the end of the year—see this summer.

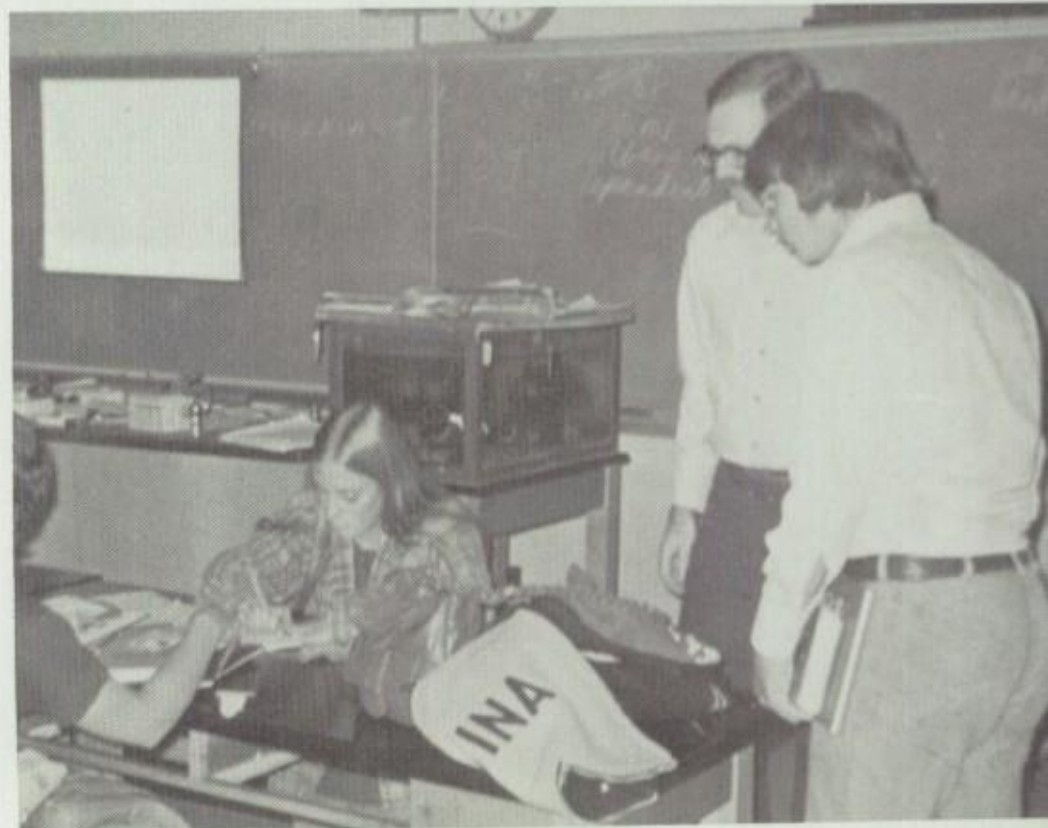

him. The meeting ended, and the speakers said he was a good person. The odor protest ended. The place we were at was a good place.
